

REGISTRATION BULLETIN

Pursuant to the statutory authority granted it by Tennessee Code Annotated §§ 16-3-901 *et seq.*, the Private Probation Services Council has promulgated rules which require all private probation services entities operating in Tennessee to register. Those rules, Tenn. Comp. R. & Reg. 1177-1, are effective as of September 6, 2005, meaning they have the force and effect of law as of that date.

In recognition of the logistical realities attendant to this new registration requirement, the Council has seen fit to provide a grace period for becoming registered. Accordingly, **the registration deadline is November 1, 2005.** Failure of a private entity to be registered by November 1 will result in the imposition of late fees as set forth at rule 1177-1-.07(3).
